Dear EOCRO's benefactors.

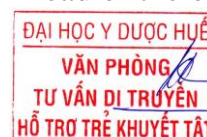

Ho Van Phach's, heart patient, operation fee was 30,000,000 vnd. The Health Care Insurance and his family paid 20.161.246 vnd. **We received 9.838.754 vnd from EOCRO to support to Ho Van Phach.**

Ho Van Phach, born in 1987, currently lives in Hamlet 4, Thuong Long Commune, Nam Dong District, Thua Thien Hue Province. Phach is married and has 2 children, the first child is 6 years old and the young child is only 3 years old. Phach had a heart disease for a long time but was discovered in 2008. As soon as he was discovered, his father had to borrow 20 million dong to give him a pacemaker because if it was late, he could die. However, after that operation, Phach was only healthy for 5 years. In 2013, during a follow-up visit, the doctor informed that Phach had an infection of the pacemaker and again he needed surgery with a cost of 20 million VND. Because the old debt has not been paid off, when asking for a loan from relatives, no one lends to his father. With no other way, Phach's father took his house's paper to apply for a loan of 20 million from the bank. While waiting to approve the loan application, Phach's father became ill and died in November 2013. A month later, Phach could carry out the second operation. His old debt has not been paid off yet, the new debt is piled up, while the pillar and main labor of the family have gone away, so Phach's family fell into a very miserable and difficult situation. Both Phach's mother and wife are farmers, so the income is very low, sometimes not enough to eat.

Recently, Phach had the pacemaker infection again, so he needed third surgery. The cost of the surgery is 30 million VND. However, in order to facilitate the patient's ability to have early surgery, the hospital subtract the amount the insurance can pay, estimated at about 20 million VND, so the amount Phach's family needed to pay is 10 million VND. However, although the amount is not too much, Phach's wife and mother have no way to manage the money because they cannot borrow more money from relatives or banks.

On behalf of Ho Van Phach and his family, permit us to say thank you so much to donors of Eyes of Compassion Organization for Ho Van Phach so that he can come back to a normal life.
