Dear EOCRO's benefactors.

Tran Hoang Nhat's, heart patient, operation fee was 50,000,000 vnd. The Health Care Insurance and his family paid 40,000,000 vnd. **We received 10,000,000 vnd from EOCRO to support to Tran Hoang Nhat.**

Nhat was born in 1988, is not married yet and currently lives with his parents in the Phu Duc block, Bong Son town, Hoai Nhon district, Binh Dinh province. Nhat's father is 77 years old, often sick, so he no longer work anymore. Nhat's mother opened a small grocery shop in the house to earn income for the whole family. Previously, Nhat worked as a car washman, the income was not quite good but he had no more choice, because with the weak condition of people with heart disease, Nhat could not find any other job with better income.

In September 2018, while working, Nhat fainted. He was taken to the hospital. Then, a tumor had found out in his brain. Therefore, Nhat needs immediate surgery. After that surgery, my family is poorer and poorer. Moreover, Nhat has a slight paralysis on her right leg as the affect from his brain operation. Therefore, he could only stay at the mother's house to look after the shop and not be able to return to work. In addition, his heart disease is heavier day by day. Many times doctors have warned that Nhat needs surgery to retain his life. Can not be delayed anymore, Nhat was brought to Hue Central Hospital. He was assigned to operate at a cost of 50 million VND. No other way, the family tried to run around and borrow 30 million dong. That sum of money is not enough for his operation fee so he is looking forward the support from EOCRO to have enough surgery costs promptly.

On behalf of Tran Hoang Nhat and his family, permit us to say thank you so much to donors of Eyes of Compassion Organizaion for Tran Hoang Nhat so that he can come back to a normal life.
