Dear EOCRO's benefactors.

Nguyen Ngoc Xuan's, heart patient, operation fee was 30,000,000 vnd. The Health Care Insurance and his family paid 15,000,000 vnd. **We received 15,000,000 vnd from EOCRO to support to Nguyen Ngoc Xuan.**

Xuan is a 34-year-old man. Xuan lives in Tien Hoa Hamlet, Vinh Hoa Commune, Vinh Thanh District, Binh Dinh Province. Xuan is the main labor in his family, working to earn money to feed his wife and 2 children. His first child is 7 years old and the second is only 4 years old. Both Xuan and his wife are farmers. They grow rice and corn but they only earn enough to eat. Sometimes Xuan has to work as a hired laborer to earn extra income to cover other family expenses such as children's school fees ... They currently live in a small house only about 30 m2 of their parents. In this small house, there were no valuable assets. Xuan's family belongs to the poor household of the commune

Xuan had a long-term heart disease. However, because of the poor situation, Xuan hardly treated anything. By this time, Xuan's heart disease has become severe. Xuan was not strong enough to go to work anymore, so his family life became more and more poor. Once, when Xuan went to local clinic for health checking, Xuan was transferred to Hue Central Hospital because her illness became more dangerous. However, Xuan's operation needed an amount of 30 million VND. Xuan's wife borrowed 10 million dong but still could not enough to afford the hospital fee. More than ever, Xuan is looking forward to receiving help to overcome disease, continue to live and raise his children.

On behalf of Nguyen Ngoc Xuan and his family, permit us to say thank you so much to donors of Eyes of Compassion Organizaion for Nguyen Ngoc Xuan so that he can come back to a normal life.
