Dear EOCRO's benefactors.

Phan Van Hung's, heart patient, operation fee was 20,000,000 vnd. The Health Care Insurance and his family paid 10,000,000 vnd. **We received 10,000,000 vnd from EOCRO to support to Phan Van Hung.**

Hung is 22 years old, he has a wife and a son who is just a half of month old. Currently, Hung, his wife and their child are living in his parents' house with his parents, yonger brother and the family of his older brother in group 7, Phu Loc town, Thua Thien Hue province. This downgrade house was left by his grandparents. Currently, there are 9 people in this house. In Hung's house there is no valuable things. Hung's parents only are farmer and hired labor sot hey do not have stable or high income.

Hung is a tailor. Both Hung and his wife work for a private tailor shop. Because his wife has just given birth, she is currently unable to work. Hung's heart disease was only detected 2 weeks ago when he was hospitalized due to high fever. At first Hung was diagnosed with dengue fever but after that he often had chest pain so he was taken for an echocardiogram and his heart disease found out. Hung was appointed to operate with a cost of 20 million VND. However, his family did not have any preparation for this operation so it was completely incapable. Even for more than 2 weeks Hung was hospitalized, his family did not have any money and had to borrow money to pay for Hung's medicine and food expenses.

On behalf of Phan Van Hung and his family, permit us to say thank you so much to donors of Eyes of Compassion Organizaion for Phan Van Hung so that he can come back to a normal life.
